Research Assistant and Postdoc Position in Haematopoietic Stem Cells or Neural Stem Cells

Applications are invited for appointment as Research Assistant and Post-doctoral Fellow in the Department of Biochemistry, tenable from as soon as possible, for a period of three years.

Ideally applicants for Research Assistant Position should have extensive and hands-on experiences in sorting stem cells using Flow Cytometry.

Applicants for postdoc position should have a Ph.D. or MD/PhD degree in the areas of Genetics, Molecular and Cellular Biology with a good publication record. Experience with stem cells (neural stem cells or haematopoietic stem cells), mouse genetics, B-cell development and leukemia would be an advantage.

The appointees will work on research projects focusing on stem cell self-renewal and/or B-cell/leukemia development using genetic modified mouse models. For details, please contact Dr. Z Zhou at zhongjun@hkucc.hku.hk. Further information about the Department can be obtained at <http://www.hku.hk/biochem/>.

A highly competitive salary commensurate with qualifications and experience will be offered. The appointment carries leave, and medical/dental benefits.

Further particulars and application forms (272/302 amended) can be obtained at <https://extranet.hku.hk/apptunit/>; Applications should be sent to Dr. Z Zhou, Department of Biochemistry, The University of Hong Kong, 3/F., Laboratory Block, Faculty of Medicine Building, 21 Sassoon Road, Pokfulam, Hong Kong.

Closes on March 30th, 2006.
